VIN MARIANI

INTRODUCED NEARLY HALF A CENTURY AGO

"The Preparation which made Coca known as a remedy!"

ONLY EXCLUSIVE COCA LABORATORIES IN THE WORLD

AT NEUILLY SUR-SEINE, PARIS, FRANCE, ESTABLISHED AND DIRECTED BY M. MARIANI

Priority, Facilities, Processes of Manufacture and Personal Supervision

MAINTAIN MARIANI COCA PREPARATIONS INIMITABLE.

AVOID "COCA WINES" Extemporaneously made with **Cheap Wine and Cocaine.**
These Substitutes harm both Patient and Physician and betray confidence in the unique properties of Coca.

BECAUSE of false wines foisted on the public in imitation of VIN MARIANI and because of the evil against a valuable remedy, Physicians urged us to denounce these frauds through overwhelming facts.

This being in a measure accomplished, **OUR COCA PREPARATIONS** are advertised exclusively to the Medical Profession in the same conservative manner that has enlisted ethical support.

CAREFUL, continued testing by upward of seven thousand practitioners in America, whose written opinions over their signatures (in our possession) are fully in accord and clearly prove the efficacy and merits of VIN MARIANI, may be thus summarized:

As a diffusible stimulant in anæmia, nervous depression, sequelæ of childbirth, lymphatism, tardy convalescence, general "Malaise," and after wasting fevers.

As a stimulant, with special reference to the nervous system, in all those morbid states in which there is much depression and atony.

As a tonic in laryngeal and gastric complications. Topically, in convulsive cough, laryngitis, stomatitis, gingivitis, etc.

And in all those cases where a general toning or strengthening of the system is needed

VIN MARIANI has been before the Medical Profession almost 35 years and invariably given uniform satisfaction. Never produces unpleasant reaction.

We respectfully ask that VIN MARIANI be subjected to thorough tests, upon its own merits, to prove the exceptionally high reputation it holds for so many years.

Owing to frequent correspondence on the subject, we regret being compelled to caution against the substitution of inferior Coca preparations by unscrupulous druggists.

Physicians are therefore specially requested to prescribe "VIN MARIANI," thus to avoid disappointment in effect.

VIN MARIANI
